

FROG ALGAE BLOCKER 4PRO DFU

FOR PREVENTING ALGAE:

Do not use FROG Algae Blocker 4Pro with any other copper-based products.

1. Before using FROG Algae Blocker 4Pro
 - a. Clean or backwash your filter and remove all debris from skimmer and pump basket.
 - b. Ensure the filtration system is working properly, and the filtration cycle is adequate.
 - c. Test the pool water for high metal content.
 - i. If copper levels are at 0.2 ppm or less, it is okay to use FROG Algae Blocker 4Pro.
 - ii. If copper levels are above 0.2 ppm or any other metals are high, take appropriate steps to reduce these levels before adding this product.
 - d. Adding a routine brushing schedule will help eliminate algae breakouts.
2. Insert the number of FROG Algae Blocker 4Pro pods required in the skimmer basket according to the pool sizing chart.

Dimensions	Gallons	# of FROG Algae Blocker 4Pro
15' to 21' Round 12' x 24'	5,000-10,000	1
24' to 30' Round 15' x 30' 16' x 32' 18' x 33' or 36'	10,000-20,000	2
33' Round 18' x 36' 20' x 40' 21' x 42'	20,000-30,000	3

3. For the first 24 hours, run pump and filter continuously to ensure all copper material dissolves completely and has circulated throughout the pool. Do not add any chlorine or other chemicals into the skimmer or pump basket during this time.
4. Remove the empty FROG Algae Blocker 4Pro pod(s) and discard in trash or offer for recycling if available. Reapply every 6 months to prevent algae outbreaks.
5. Do not clean or backwash the filter for at least 2 weeks after adding this product.
6. For maximum performance, run the filtration system at least 8 hours per day and maintain water balancing guidelines:
 - a. pH: 7.2 – 7.8.
 - b. Alkalinity: 80 – 120 ppm
 - c. Cyanuric Acid: 20 – 80
7. Always use with an EPA registered pool sanitizer following the directions for use carefully.

FOR CLEARING AN ALGAE OUTBREAK:

1. Before using this product, brush algae spots from pool surfaces and raise the free chlorine level to 2.0 - 4.0 ppm
2. Follow steps 1-4 under Preventing Algae
3. After 24 hours, vacuum pool and clean filter
4. For stubborn algae, repeat this process.
5. Once algae is completely gone, use FROG Algae Blocker 4Pro to prevent future algae outbreaks.
